

CBS931.73\_pb – per-gene ploidy, top 50 contigs by size  
winner = smallest delta-log-likelihood among d\_dip/d\_tri/d\_tet (0/nan = missing, omitted)

CBS931.73\_pb – genome-wide per-gene ploidy (Manhattan)  
alternating black/red marks consecutive contigs; winner = smallest delta-log-likelihood
